

Name: _____

Date: _____

DNA Evaluation KEY

- 1) What 4 bases make up DNA?
 - A) Adenine, Byenine, Cystosine, and Dyenine
 - B) Adenine, Byenine, Monisine, and Thymine
 - C) Adenine, Guanine, Cytosine, and Thymine
 - D) Byenine, Cystosine, Monosine, and Thymine

- 2) Which of the following is a component of DNA?
 - A) Cell wall
 - B) Cells
 - C) Pyridines
 - D) Nucleus

- 3) What process was done to break open the cells of the strawberries?
 - A) They were already opened
 - B) They were crushed in a bag
 - C) They were cut
